

BLACK SOAP

with Olive Oil & Eucalyptus

NEW SPA & WELLNESS EXPERIENCE

The BLACK SOAP is used in Hammam as well as in bathrooms.

Mybondo's Black Soap is used to prepare the skin for scrub, it's a product with excellent exfoliating power.

It will take off the dead skin that will be eliminated by using the horse hair glove.

It is recommended to avoid massages with black soap, it may provoke skin irritation and dermocausticity.

The scrub must be done after rinsing the black soap with warm to hot water.

Ingredients:

- Water
- Olive Oil
- Calium Hydroxyl
- Eucalyptus Globulus
- Limonene

Positiv effect to use black soap:

- Elimination of dead skin
- Better breathing of your skin
- Cleans toxins & impurities in your body (skin)

Enjoy your Organic Product and feel always good
