

BOND airone N°001

BATTERY OPERATED AND USB C

We're not only skilled in the art of fragrance creation, we've also mastered the science of vaporous odor elimination. Whether it's smoke odors, bathroom odors, trash odors or any type of smell, we're equipped with an arsenal of odor control solutions that permanently remove malodors in any situation at the molecular level. Our exclusive BOND airone N°001® air cleaner odor neutralizing additive can be combined with yuzu fragrance and commercial air care system to effectively destroy any airborne malodors, or singularly diffused for fragrance-free air freshening.
